

Medical Devices

Your intelligent partner in healthcare

High-performance, interconnected storage solutions are crucial to ensuring accurate and stable operations of medical facilities. Transcend provides a full product line of SSDs for medical devices, supporting always-on operations in demanding environments.

Enhanced Durability

Extra-thick 30µ" PCB gold fingers & 3K P/E cycles to withstand 24/7 workloads.

Advanced Security

TCG Opal functionality & hardware-based AES encryption for patient data protection and HIPAA compliance.

Comprehensive Product Line

Variety of form factors for different systems and interfaces.
